

Favor Upper Darby Over L. M. Champs

Royals Seek Revenge for Only Defeat Of 1943 Season on Local Gridiron; L. M. Beats Norristown, 12-6

Properly jarred out of any overconfidence it might have attained in last week's close 12-6 call with Norristown, the Lower Merion High School football team is grimly preparing for its supreme effort in the final games with Upper Darby and Radnor.

Upper Darby's high powered eleven rolls into Pennypacker Field Saturday afternoon intent upon gaining revenge for the only setback on its record last year and at the same time sew up its first football championship in history.

Upper Darby is undefeated in the Suburban Big Six and needs only a victory this weekend to supplant Lower Merion as champion. If victorious over the Maroon the Royals will finish on top of the circuit and thereby earn the first leg on the Kelly Trophy no matter what happens in its climactic game with Haverford High on Thanksgiving Day.

From all reports Upper Darby, beaten only by Easton High, 19-0, has been improving with every game and should hit L. M. at the peak of its strength and confidence. The Royals are such a heavy favorite that in some quarters fans are hesitating to back L. M. with greenbacks although offered two touchdowns as bait.

Dick Mattis, Lower Merion coach, frankly admits he doesn't see how his boys can possibly win, but adds "we'll be in there pitching and trying every minute."

However, loyal Maroon rooters are closing their eyes to possible disaster and are vowing that L. M. will spill the Royals for no other reason than that the Maroon is enjoying the novelty of being the underdog for the first time in two seasons. That factor, plus the expected rebound from last week's rather shabby showing against Norristown is offered as a "pep talk" to those who fear the very sight of the U. D. juggernaut.

Both teams had players injured in last week's games. At Wilson, Maroon center was lost in the opening minutes of the Norristown scrap with a bad knee, but it is believed he'll be okay by Saturday. The same is true of Al (Rebel) Miller, brilliant Upper Darby halfback, who it was intimated might have concussion of the brain as a result of a hard bump during last Friday's 40-6 romp over Cheltenham.

Incidentally, Miller and Jack Schellhaus give Upper Darby the finest open field runners in the district. Once they are shaken loose it is almost impossible to catch them. And they are made doubly dangerous by Joe Foreman, a hard plunging back whose line cracking draws in the enemy defense and thus paves the way for Miller and Schellhaus to get away on end sweeps and off-tackle sprints. The Royals also have a heavy, aggressive line headed by a stout end named with a mutual opponent strangely (?) gives Lower Merion the edge as it routed Abington, 33-7, whereas the Royals could whip the Ghosts by only 26-6. However, this optimistic

by BETSY-ANN

A man raking leaves in his yard last Sunday afternoon glanced up to see his neighbors roof ablaze. Mr. and Mrs. Walter P. DeHart, of 211 Chestnut Ave., sitting by their fireless stove were unaware of the fire until neighbors rushed in to tell them. The blaze fanned by a high wind which carried off the smoke, could be seen plainly from Haverford Ave. The Narberth Fire Company responded promptly. By and soon had the fire under control. Although it destroyed the entire front gable of the house, fireman moved the furniture of the second floor bedrooms to center of room and covered it with tarpaulins and saved it from water damage.

G. O. P. Council To Hold Convention In Harrisburg

A survey of post-war problems and the plans advanced by Republican leaders for solution on a national and State basis, will be the dominant feature of the 3-day Convention called in Harrisburg for Nov. 14, 15 and 16 by the Pennsylvania Council of Republican Women.

"Republican Patterns of the Future" will be the theme of all sessions at the Penn-Harris Hotel where some 600 women will gather to represent 350 Councils in every part of the State.

Headline speakers include Governor John W. Bricker of Ohio, Republican nominee for Vice-President; Mrs. W. Glenn Suthers, President of the National Federation of Women's Republican Clubs; Governor Edward Martin of Pennsylvania; Madame Jan Papanek, wife of the Minister of Czechoslovakia to the United States; Miss Marion Martin, assistant Chairman of the Republican National Committee; and Mrs. Frances P. This impromptu session will give Council members a "close-up" of the leaders who direct the vast business of the Commonwealth and a unique and unprecedented picture of the Chief State Executive and his Cabinet members whose transactions ordinarily take place behind closed doors.

100 Students Ply Brushes And Clean Teen Age Canteen For Opening Night

By DAVID MALICKSON
Lower Merion High School Student Correspondent

With paint brushes, some 100 Lower Merion Senior High students journeyed to the basement of the Ardmore Women's Club last Friday evening to help finish tasks necessary to the opening of the Lower Merion Teen Age Canteen. The principle undertaking was to paint the walls of the dance hall white. This was followed by the painting of a red border of three feet around the bottom of the walls on Saturday. Frank Loomis, decoration director, made clear his plans: one of which is to paint murals on the walls.

General atmosphere among teachers as well as students at Lower Merion is all out for the canteen. In less than five weeks, a group of 60 Lower Merion students have organized a steering and other committees; found a place for the canteen, raised sufficient funds for the first few weeks.

New Phone Books Being Distributed

A force of approximately 75 men, women and boys started distribution of new telephone directories last week in this area. James B. Francis, manager of the Bell Telephone Company, said distribution is expected to take about three weeks.

Approximately 32,100 copies of the Main Line and Suburban Philadelphia directory are being delivered in this territory, Francis said. Local subscribers are receiving copies of the Philadelphia directory at the same time, and old directories are being collected for salvage during the distribution.

While men and women are handling some of the deliveries, the boys, most of them from junior high school and high school are making deliveries in their own neighborhoods, working with express wagons and cars after school and on Saturdays.

The directories have light green covers this year. The Main Line book contains approximately 149,500 alphabetical listings and the Philadelphia book approximately 349,500 alphabetical listings.

A new feature of the Main Line directory is a full page map of Philadelphia, showing the postal zones numbers which the Post Office Department has asked to be included in all mail addresses. This appears on the first page of the classified section.

War Chest Passes Halfway Mark

The United War Chest campaign has passed the half way mark in Main Line Division No. 1, comprising Ardmore, Wynnewood, Penn Valley, Narberth, Merion and Wynnewood.

At the first report luncheon at the Warwick Hotel last Friday, it was announced that War Chest subscriptions for this Division totaled \$51,011 or 45 per cent of its quota of \$115,000.

When additional subscriptions have put the Division well beyond the half-way mark. It was announced that Main Line Division No. 1 led all other divisions at the first tabulation.

The results of the campaign by districts, though last Friday, are as follows:
Ardmore, \$6,670, 33 percent of quota; Wynne, \$13,496, 61 percent; Penn Valley, \$3,714, 37.7 percent; Narberth, \$2,152, 35 percent; Merion, \$4,072, 20 percent; Overbrook, \$20,905, 61 percent.

In many instances solicitors reported that residents had increased their subscriptions as much as 25 percent over last year and that five dollar gifts replaced one and two dollar donations.

In a Mock Presidential Election held at Lower Merion Senior High School on November 7, Thomas E. Dewey captured 588 of a possible 1357 votes to become "The President of the United States". One of the most outstanding things brought out by this election was that the majority of students favored Norman Thomas, Socialist, over Franklin D. Roosevelt! Final tabulation of votes showed that Thomas collected 396 votes; Roosevelt, 373 votes.

Duncombe-Poling Misunderstanding Subsides As Election Removes Cause

The hair-line question as to whether it would be political if Dr. Daniel A. Poling, pastor of the Baptist Temple, Philadelphia, spoke from the pulpit of Bala-Cynwyd Methodist Church may never be answered.

Both Dr. Poling and the Rev. Franklin Duncombe, who raised the issue by canceling a speaking engagement, seemed inclined to let the matter drop since the election of last Tuesday is now history.

As president of the World's Christian Endeavor Dr. Poling was scheduled to speak last Sunday afternoon at the Bala-Cynwyd Church. In a radio speech the previous Friday Dr. Poling announced he would support President Roosevelt.

Letters exchanged between Dr. Poling and Dr. Duncombe follows:

Dr. Duncombe

"Recent untimely events make it necessary for me to recall and cancel the invitation to speak at the Bala-Cynwyd Methodist Church broadcast over WDAS tomorrow, Sunday, November 5, at 4 o'clock, when large delegations of Christian Endeavor youth will be present from Philadelphia and two adjacent counties.

"Every individual has the right and must be honored, for the conviction of conscience. However, I believe a Christian clergyman of international reputation, president of the World's Christian Endeavor and a chaplain major in the U. S. Army Reserve is recent the president of the World's Christian Endeavor in partisan politics in the final moments of a bitter Presidential election campaign.

Dr. Poling

"Rev. Duncombe's letter canceling my speaking engagement in his church has not yet reached me. I talked with him, and he read the letter over the telephone after my Communion service Sunday morning. He did not tell me that he would give the letter to the press. Clearly the letter itself is a political statement and it was read from Rev. Duncombe's pulpit. I have asked Rev. Duncombe to recall his letter.

"Rev. Duncombe has now spoken before an audience gathered in his own church to hear me after closing the door to me. I do not question either his motive or his right—but is this fair play?

"Personally, this is a small price to pay for freedom when so many are dying for it. Baptist Temple knows that I never carry partisan politics or candidates into the pulpit. When, as a citizen, I must speak on such matters, I rent a hall or go on the air. My own conscience is not for purchase, but I would not shut the door against a brother. In the future, as in the past, I shall do my bit to help destroy religious and racial intolerance wherever I may find it and to meet my full obligations as an American citizen."

Increasing its lead of 1940 by 4,753, the final unofficial tabulation of Tuesday's voting gave the Republican standard bearer a plurality of 28,594 votes in this county.

Lower Merion Township added immeasurable in accounting for the heavy county vote in favor of Republican nominee, giving Governor Dewey a total of 14,761 to 5,751 for Roosevelt, and accounting for 9,010 of the county's total Dewey plurality of 28,594.

There were only two districts in the staunch Republican stronghold of the Main Line that President Roosevelt emerged victorious. They were West Ardmore and Pencoyd No. 1. The former district, the home grounds of County Commissioner Fred C. Peters.

In West Ardmore, Roosevelt led by 39 with 42 as compared with 403 for Dewey, while in Pencoyd No. 1 the vote was Roosevelt 452 and Dewey 363. Some of the most substantial district majorities in the county came from other districts of the Main Line section, however.

An upset of the day was the Democratic victory in Upper Merion Township where Roosevelt surprised the dolesters by carrying the township by 80 votes.

With strong Roosevelt sentiment particularly in the lower industrial section of the township, the Democratic nominee received a total of 918 votes as compared with 838 for Dewey.

The county's 181 districts show this result:
Governor Dewey, 72,941.
President Roosevelt, 44,347.

Although many of the thickly populated industrial districts fell in the Democratic victory column, the strong Republican vote coming from the Main Line, particularly, Springfield Townships and Norristown aiding in various degrees, the leads developing in the industrial sectors was quickly overcome.

Despite the large vote accorded Governor Dewey in the County he did not lead the County. This honor, insofar as Montgomery County was concerned, went to C. Harold Watkins, G. O. P. candidate for Auditor General, who polled a total of 74,247 as against 43,095 for Democratic opponent, G. Harold Wagner.

Second highest on the ticket was Congressman Samuel K. McConnell, Jr., Lower Merion, who received a total of 74,120, while Marvin B. Brunner, Worcester, was third.

Dr. Herndon said that the new tax law makes the filing of tax statements simple. He said there were many changes in the law, especially in the method of filing.

A committee recommended that the name of the organization be changed to The Main Line Chamber of Commerce. The organization will be submitted to the membership for a vote.

OPA TO HELP LOCATE CARS

Holders of certificates for the purchase of new cars can get help from the Office of Price Administration in locating that automobile, that agency announces. Any certificate holder having difficulty in laying hands on a car is urged to write to OPA, Inventory and Control Branch, Empire State Building, New York 1, N. Y. The records of that office will be made available to assist the buyer in locating an automobile.

At the same time OPA will require all automobile dealers to post lists of their current inventory of 1942 cars held for sale and dealers who refuse to sell to a buyer who has the cash and required papers may be barred from dealing in any car's rationed now or in the future.

NOVEMBER TIRE QUOTA INCREASED

The November quota of new automobile tires allocated by the War Production Board will be 1,850,000, or 250,000 more than in October, it is announced by the Office of Price Administration and War Production Board. "As near as we can tell, this quota should satisfy normal November replacement needs of eligible 'B' and 'C' ration holders," Max McCullough, deputy OPA rationing administrator said. He pointed out that the ration quota this month makes it "clear that recapping will still be necessary for most motorists if they are to keep their cars in operation." Unfilled "B" and "C" tire applications, needed increases in dealer inventories and a higher production rate are required before "A" ration holders can expect new tires.

PAPER SHORTAGES TO CONTINUE

The public can expect no relief from existing paper shortages until about the middle of 1945 because of the heavy wartime requirements of newspaper, magazine and book paper and the manpower shortages in this industry, the War Production Board reports.

OPA CONSUMER NOTES

The basis for a nationwide reduction of consumer prices on cooked corned beef—expected to be at least 10 cents a pound and greater in some instances—was set by issuance of OPA specific dollar-and-cents ceilings for this product at the wholesale level.

Primost cheese prices at all levels of distribution will be three cents a pound higher after this week as a result of OPA action to relieve hardship suffered by manufacturers under the previous price ceiling.

Ceiling prices of plug chewing tobacco have been increased by 20 per cent at all sales levels as a step to help manufacturers overcome the increased cost burden under which they operate.

Leather-soled moccasins with a house-slipper type of construction will continue to be stocked by stores as ration-free footwear through December 31. After that date, OPA advises, this type of footwear will be classified as rationed.

Buyers of coal and other solid fuels are entitled to receive from their dealers an invoice, sales slip or receipt that contains full information about the kind of coal sold to them and the price paid. This is required of dealers by an OPA provision effective November 11.

MOST BOX MATCHES TO ARMED FORCES

Hold that light, mister, will continue to be the popular phrase in coming months, according to a War Production Board report which states that about 80 per cent of all penny box matches and 25 per cent of all book matches produced in the next six months will be delivered to the armed forces. Although few penny box matches will be available to civilians during this period, matches of the household "strike anywhere" type will be produced in sufficient quantity to meet all civilian needs, WPB said.

ARMY DOCTOR RECRUITMENT ENDED

Recruitment of civilian physicians for the Army has been discontinued, according to information received from the War Department by Paul V. McNutt, Chairman of the War Manpower Commission. At the same time, Mr. McNutt said that recruitment for the Navy must continue since it has urgent need for approximately 3,000 additional medical officers. The Public Health Service of the Federal Security Agency and the Veterans Administration are also continuing to recruit physicians.

LESS DUSTY ROADS IN PROSPECT

Prospects of less dusty intermediate and county roads next Spring and Summer are decidedly improved as a result of action by the Petroleum Administration for War in permitting the use of residual fuel oil for road building and maintenance. The permission applies to all parts of the country except the West Coast. This action is possible because of current supplies of residual oil. The restrictions were lifted at this time to permit states, counties and local governments to plan next year's road programs now.

SHIPS NAMED AFTER GREAT AMERICANS

The names of three great Americans, Wendell L. Willkie, George W. Norris and Alfred E. Smith, will be honored by being given to three new Liberty ships now under construction; it is announced by the United States Maritime Commission.

tic note is smashed by the simple fact that Upper Darby trounced Radnor, 31-0, and Radnor upset Haverford, 6-0, the team that handed L. M. its only defeat, 7-6.

An underdog Norristown team rose to unexpected heights in the 31st renewal of its rivalry with the Maroon last Saturday, holding the Main Liners to a 6-6 tie until the last five minutes. A 65-yard last ditch L. M. advance was capped by Carlo Mariano lugging the ball over from the six yard line for the winning touchdown.

A 50-yard punt by Jack Winters in the waning minutes also was a big factor in giving L. M. its fifth straight over the Eagles and its sixth victory in seven starts this season.

Lower Merion had a net gain of 345 yards to 150 for Norristown, and had the edge in first downs, 15-9, yet lacked the punch for a decisive victory. An 88-yard drive in the third period was stopped dead on the four, and another advance of 48 yards was fumbled away on the two.

Winters gave Lower Merion its first touchdown on an end sweep from the one yard line in the first period after the Maroon had marched from midfield and the teams had traded the ball on fumbles at the 13 yard line. Davis and Scott did a lot of the ground gaining on this drive.

Norristown came back with an 86-yard

Lower Merion High School NEWS LETTER

Excerpts from letters printed below are written by men and women in the service to their Alma Mater back home. They are reprinted exactly as they appear in the current issue of the Lower Merion High School "News Letter". As the "News Letter" is only mailed to those in the service school authorities have approved its publication so that it may be read by the folks back home.

FROM THE EDITOR'S MAIL BAG

LT. GREER C. HEINDEL, '43, Aberdeen Proving Grounds, Md., writes to tell us he's "still alive." He graduated from OCS in July and returned to Aberdeen for another two months course working with ammunition and fuses. By the time you get this NL we'll have a pretty good line on our football prospects.

SGT. STANLEY DREXLER, '42, is a gunner in a dive bomber. He is now at Edgemoor Lake, Texas, after spending over a year at the Virgin Islands. Glad to hear from you, Stan. Is **SGT. LOU KRUG** still at the V. I.?

LT. (J. G.) N. STANLEY KAVANAGH has finally gotten out of Norman, Oklahoma, transferred to the Naval Air Transport Service, Atlanta, Ga., and now is at Fort Worth, Texas. Glad you like the work, any chance of dropping in on the Main Line when you start those domestic routes?

A/C BOB THOMAS is now at Stewart Field, N. Y., taking Basic Flight Training with the West Point Cadets. I've sent **ART CAMPBELL'S** and **JOE HANN'S** address. Joe was in the office last week after getting his wings. He is now Flight Officer and looks swell.

PFC. HUGH DONOHUE, '37, APO 322 SF, is in New Guinea. He received the July NL. He's traveled all over the Pacific. So **DONOHUE** sends his correct address. They're "competing with General Mud," and "when it rains in New Guinea, it rains." We'll place your order for a 1945 state basketball champion with Andy. You fellows sure are persistent.

Hello, **BOB SWARTZ**, S. 2/c, '43, FPO, SF. You didn't tell me before that you met **PAT FAIR**. I'll send you **JACK ROBIN'S** address. How do you like your job of being the Captain's orderly? And you want a state basketball championship, too. Do you guys think we pick them off trees like coconuts?

PFC. ANTHONY BASILE, APO 502 SF, writes a long V-Mail from the South Pacific. His last NL reached him in 17 days, the fastest time to date, and your letter reached me in 8 days, Tony. Your brother, Frank, gets the NL, we have his address. Maybe he's busy studying and hasn't much time to write. By the way, Tony, don't hesitate to use those "dehydrated letters." I don't mind and who's the little girl back home? Here's your hello to Vince De Lella and all the Yunkers—Tony Basile calling from the South Pacific.

STEPHEN M. MACNEILL, '39, sends along a little booklet from the USMS Officers School at Fort Hrabum, Conn. Steve is taking a course in Diesel Engineering, says if any of our high school students are interested, they should pay close attention to "Big Jim" Davis in his Physics class. Good luck to you, Steve, and thanks for the booklet, interesting and nice.

LT. ED HARRIS, '40, USMC, FPO, SF, writes his first letter in over a year, and says he still hasn't much to write about. Right now he's sitting on an island in the Pacific, a beautiful spot. He's seen only one Merlonite, **CHUCK VIGUERS**, over 2100 Merlonites know where you are now, Ed, and that's something. How about a description of some of the sights on that hick-niking tour.

T/SGT. BILL FOOT, APO 599 NY, is in England. He has news for us. (See young Merlonite Generation.) Congratulations, Papa. He's been visiting his Uncles and Aunts in England, also his Dad's brothers and sisters. (That last sentence is a hot one, think it over—it's written, we'll let it go.) Hope you get to see **BRANCH BLAIR**. Just talked to your Mother on the phone; she'll send me the picture as soon as she gets the enlargement. Thanks, Bill.

CPL. WM. T. GATENBY, '33, APO 413 NY, send his change of address, saying, "I have been receiving the NL ever since it first went to press, and it is something I don't want to miss." We hope, too, that the final edition isn't far away.

CPL. WM. B. STUMPF, APO 654 NY, is in England, says it's a beautiful country. **JOE TUMFLO** is in the same outfit. How did you fellows get to be together? Sure we'll send the NL, why not?

LT. H. B. PETERS, of the Wynnewood Rd. School Faculty, is aboard a large aircraft carrier FPO, SF. He says it isn't like teaching, but he's having some unusual experience. No doubt, LT, and we missed you on opening day. Glad to hear from you again. She's a pretty ship.

PVT. FRANK TIBURZIO, APO 15480 NY, is somewhere along the East coast. Your letters haven't been coming back, Frank, so you'll be getting them. And you may be in England with your pals, too, when this is mailed. The next letter is from **MARK BLITZSTEIN**, FPO, SF, and among other things, he wants **TIBURZIO'S** address. What a coincidence, this is as close as you fellows will get to each other for some time. Mark ran into Bob Swartz not so long ago, also one of the Truone twins, and he's looking for **BOB TARBON** and **JACK SEIPLE** now. I hope you're right about the 1945 tournament, but at the time I can't see it. And about the football score—Radnor 0, LM 66—do you remember last year's game? And we don't have Frankie Basile, or Ted Hepke, or Dick Whitting this year. (They're all in some branch of the service—I'm getting gloomy, you might think I was the coach instead of Mattis.) So long, Mark, and good luck. How's the female situation?

CPL. EDWARD SMITH, '37, is at Indiantown Gap, Pa., and likes it in the mountains. He's been in the service over two years, never any further from home than Ft. Belvoir, Va. (I'll say you're lucky!) We'll see you at some of our football games. At present the Cpl. is Acting Supply Sgt.

We've been reading about and hearing over the radio today (September 18) all about the Gilder Infantry and Paratroops and the States. He considers himself very fortunate as the sergeant killed his company commander and four other soldiers near him. Be sure to stop in and see us when you get to Ardmore. And bring that girl along, too, I'll reserve judgment until I see her. Cheerio and speedy recovery.

SGT. HARRY OLSON, '43, sure gets around. He's at Davis Monthan Field, Tucson, and says he's in the home stretch now so far as his training goes. Keep lookin' ahead, young fellow, and good luck to you.

PVT. CHARLES W. DEL PIZZO, APO 176 NY, is in France. He met Lou Malitesta over there, but no other Merlonites. Your last NL came back, Charlie, so we didn't know where you were. Now we've changed it and you'll be getting them regularly again. Hope you get this before Christmas. Let us hear from you when you get out of that Repl. Pool.

LT. DAVE SHIHADEN, FPO, SF, is on a salvage ship. Says this business of salvage is really important. He pulled into New York just two days after his son and he made his appearance, and Dave says he's more anxious than ever to have the war come to an end. Glad to hear from you, Dave, it sure did take you some time to make up your mind to write. Come again.

Narberth School Notes

Since school has begun some of the upper classes of Narberth School have had many interesting activities.

The seventh and eighth grade English classes wrote social letters which they sent to friends. The pupils in the Press Club also have been very busy writing the first issue of the Sun Dial, which was put on sale on Friday, October 27.

The seventh grade mathematics class made different kinds of dwellings by which they showed many varieties of geometry. Soon after this the eighth grade hygiene class made dwellings to show lighting and heating.

The sixth and seventh grades are learning world geography through radio and maps from newspapers. They are keeping account of battles in the Atlantic and Pacific areas and also of fleet movements.

The school chorus, under direction of Miss Pricke, is working on a miscellaneous program and Christmas songs.

LETTER TO THE EDITOR

To the Editor:
Sir:

I wish you would let me use the Town to answer the anonymous persons who have rebuked me for using "Question marks" instead of "periods" on an "Election Bulletin" that was distributed in Narberth.

The circular, not being its author or distributor, I don't know why I'm the one selected for reprimand. Also I can't comprehend why those who have said nothing to me don't call me out and tell me what it is that ails them. That's the way I would act with them and I think it's the better way.

J. J. CABREY.

St. Charles Seminary
Overbrook,
Philadelphia, Pa.

To the Editor:
Sir:

I am glad to see the Spectator is interested in taking up the cause of the "Educationally Underprivileged." Mere exposure in high school and college to education does not necessarily improve one's judgment, though it does frequently improve one's memory and increases his storehouse of factual knowledge.

It may well be, therefore, that a so-called "uneducated person" is in a better position to pass judgment upon questions of public interest than one more favored with the opportunities of a college training.

I hope, however, that one's capability in this regard is not in inverse proportion to one's education. If it is, then there is something radically wrong with the training which colleges are giving.

I personally am quite convinced that there is considerable need for revision in the education of our grade and high schools, and in certain departments of our colleges. Educators do not agree as to what extent changes should be made but there is a general awareness that there is a large room for improvement.

Miss Dixie Tighe, war correspondent, and only woman to take part in an operational mission in the European theater of war, was the speaker at the meeting of the Narberth Women's Club, held November 7.

Miss Tighe told the group present, that last Christmas American boys in England made toys from odds and ends, decorated a Christmas tree with articles available, and then invited children from orphanages to share their own Christmas boxes.

Mrs. J. H. Miller, chairman of the project committee, reported the progress of the project.

Hostesses for the meeting were Mrs. Dulber and Mrs. Schwaband, with Mrs. S. McCartney and Mrs. Wells at the tea table.
